

First (and hopefully last) Virtual Conference of the Ethologische Gesellschaft e.V.

February 26th 2021, 13:00 - 18:00 (CET)

13:00 WELCOME: Claudia Fichtel

Session I – Traditional talks (Chair: Erica van de Waal)

- 13:05 **Differences in the pace-of-life syndromes between and within species**
Irene Gaona-Gordillo, Ludwig-Maximilians University Munich (Breakout Room 1)
- 13:15 **More than the sum of its parts: Individual behavioural phenotypes of a wild pinniped**
Friederike Zenth, University of Freiburg (Breakout Room 2)
- 13:25 **LemurWorld: an agent-based model of female dominance and dominance style in lemurs**
Lauren Seex, University of Groningen (Breakout Room 3)
- 13:35 **Misters before sisters? - Competition for breeding positions in redfronted lemurs**
Lea Prox, German Primate Center Göttingen (Breakout Room 4)
- 13:45 **Prenatal stress effects on gut microbiome in wild Assamese macaques**
Simone Anzà, University of Göttingen (Breakout Room 5)
- 13:55 **Pair-living in elephant-shrews: how much do we really know?**
Charlotte-Anaïs Olivier, Institut Pluridiscipl. Hubert Curien Strasbourg (Breakout Room 6)

14:05 BREAK (10 min)

Session II – Science Slam (Chair: Oliver Schülke)

- 14:15 **Moms mustache: Fitness consequences of foraging strategies in Galapagos sea lions**
Jonas Schwarz, University of Bielefeld (Breakout Room 1)
- 14:25 **Nitrogen narcosis leads to a deep understanding of sociality**
Annika Freudiger, University of Bern (Breakout Room 2)
- 14:35 **Effects of pre-mating and post-mating selection on reproductive trait evolution in the field cricket.**
Magdalena Matzke, Ludwig-Maximilians University Munich (Breakout Room 3)
- 14:45 **Can the memory of previous help be increased if it involves distinct interactions?**
Sophie Harrower, University of St. Andrews (Breakout Room 4)
- 14:55 **The Problem with Puffins: A Poem**
Jennifer Colbourne, University of Veterinary Medicine Vienna (Breakout Room 5)
- 15:05 **News from our house journal “Ethology”**
Wolfgang Goymann

15:15 BREAK (10 min)

Session III – Traditional Talks (Chair: Thomas Bugnyar)

- 15:25 **Individual variation in foraging decisions: Exploring the unknown or playing it safe?**
Jonathan Kunkel, University of Potsdam (Breakout Room 1)
- 15:35 **Preferences for different enrichment items in laboratory mice**
Ute Hobbiesiefken, Bundesinstitut für Risikobewertung Berlin (Breakout Room 2)
- 15:45 **Social disappointment explains long-tailed macaque behaviour in an “inequity aversion” experiment.**
Rowan Titchener, German Primate Center Göttingen (Breakout Room 3)
- 15:55 **Evidence of positive contagion in Common ravens (*Corvus corax*)**
Katharina Wenig, University of Vienna (Breakout Room 4)
- 16:05 **Siblings as rivals — Kin competition in a social hierarchy**
Iris Madge Pimentel, University of Bonn (Breakout Room 5)
- 16:15 **Cooperative nest building in wild jackdaw pairs**
Luca G. Hahn, University of Exeter (Breakout Room 6)

16:25 BREAK (10 min)

Session IV – Traditional Talks (Chair: Barbara Caspers)

- 16:35 **Poster Prize Presentation**
- 16:45 **Individual vocal signatures in male house mice**
Maria Adelaide Marconi, University of Vienna (Breakout Room 1)
- 16:55 **Infatuating fragrance: Do male spiders add chemical cues to their silk that facilitate female mate acceptance?**
Michelle Beyer, Ludwig-Maximilians University Munich (Breakout Room 2)
- 17:05 **Effects of genetic relatedness on ultrasonic courtship vocalizations and reproductive success in house mice**
Doris Nicolakis, University of Vienna (Breakout Room 3)
- 17:15 **Activity patterns of two sympatric predators and their prey in a Peruvian Rainforest**
Mark Thomas, Manchester Metropolitan University (Breakout Room 4)

17:25 BREAK (20 min)

17:45 Gwinner Award Ceremony
